### Questions and Answers

1. If we are providing a bid for alternative equipment, do we need to provide details ahead of time regarding that equipment?
  - a. You do not need to provide equipment details ahead of time. You just need to be sure you are bidding equivalent equipment.
2. PWR-C1-350WAC= and PWR-C1-715WAC= are redundant power supplies for the 3850. You asked for Redundant Power supplies in the description, but the parts are not listed in the BOM. Both are ineligible items. How do you want us to respond?
  - a. Those should have been included in the BOM. Please include parts for redundant power supplies even if they are ineligible items.
3. Regarding: CISCO2901-V/K9, Cisco ISR products are conditionally eligible based on use. Use for data is generally eligible, while use for voice is ineligible. How will you be using this? As this will determine what % is ineligible/eligible.
  - a. This would be used for a voice gateway.
